

October 20, 2023

Families,

I am writing to let you know of some upcoming improvements scheduled for A.J. Smeltzer Junior High.

Over the next few months, the brick will be replaced on the back exterior wall facing Kaye Street (excluding the addition).

You may see workers on site this weekend as we begin work for this project. In the coming weeks, a section of the front parking lot will become fully fenced for equipment storage, and scaffolding will be set up.

Please be assured that learning will not be impacted as all work will take place after hours. This project should be finished by the end of February 2024.

You can expect further updates over the next few months. If you have questions or concerns, please contact the HRCE Operations Services team at [hrceoperations@hrce.ca](mailto:hrceoperations@hrce.ca).

Sincerely,

Kavita Khanna  
Director, Operations Services  
Halifax Regional Centre for Education
