

September 16, 2022

Families,

We hope students enjoyed their first two weeks of the 2022-2023 school year. It is an exciting time for everyone as we reconnect with familiar faces and welcome new ones into our learning spaces.

In June 2022, we informed you of some building upgrades taking place at Bicentennial School. Classroom windows and brick facade facing Victoria Road have been updated. Windows and facade facing Thistle Street will receive the same updates. Heating systems will be upgraded in these classrooms, and work will also include the reconfiguration of a former home economics space into a food studies lab.

Although construction may be visible from your child's classroom, we want to assure you that all work takes place after hours. These spaces are cleaned and ventilated before students and staff arrive the next day to ensure their safety and well-being.

Work will continue in the coming months and is expected to be complete by March 2023.

If you have any questions or concerns about these projects, please contact the HRCE Operations Services Team at hrceoperations@hrce.ca.

Sincerely,

Kavita Khanna
Director, Operations Services
Halifax Regional Centre for Education
