

July 12, 2023

Families,

I am writing to provide you with an update on the portable classroom at Fairview Heights Elementary. Last month, we shared a [message](#) outlining the plan to add an additional portable to support enrolment growth in the school community.

The additional portable has already arrived on site. This summer, our Operations Services team will work to refresh the space, add furniture and set up technology so it is ready to welcome students and staff in September.

The school principal, along with school staff, will determine how best to use the portable to support learning for all students. You can expect another update before school begins on Thursday, September 7, 2023.

Sincerely,

Kavita Khanna
Director, Operations Services
Halifax Regional Centre for Education
